

# A-Teens, Let Your Heart Do All Of The Talking

A Teens  
Pop Til You Drop  
Let Your Heart Do All Of The Talking  
Loving your smile  
Loving your style  
Don't you get it

Got what I need  
You gotta believe  
I'm already yours  
Let your heart do all the talkin'

Give it a shot  
Give what you've got  
Take me flyin'

Give me your lips  
Give me the kiss  
I've been dying for  
Let your heart do all the talkin'

Take my hand  
Understand  
That dreams can some true

And all you gotta do  
Is to call, Is to flow  
With emotion  
You  
Gotta know, gotta show  
Your devotion

I just want to be close to you  
(in the sunshine)  
Wherever the sun shines  
(in the rain)  
Wherever you go  
Let your heart do all the talkin'

You're makin' a mistake  
You're makin' me shake  
with desire

Don't need a break  
Don't wanna wait 'til the fire's gone  
Let your heart do all the talkin'

Get in the game  
Get in the zone  
Get in the action  
There's really no shame  
in letting me know that I'm the one  
Yeah  
Let your heart do all the talkin'

Take my hand  
Understand  
That dreams can come true

all you gotta do  
Is to call, Is to flow  
With emotion  
You  
Gotta know, gotta show

Your devotion

I just want to be close to you  
(in the sunshine)  
Wherever the sun shines  
(in the rain)  
Wherever you go  
Let your heart do all the talkin'  
Let your heart do all the talkin'  
Let your heart do all the talkin'

Now finish what you started  
Because you brought it  
There ain't no better time  
Don't be so chicken hearted  
If you want it  
It aint no line  
(ooohh aaah)

And all you gotta do  
Is to call, Is to flow  
With emotion  
You  
Gotta know, gotta show  
Your devotion

I just want to be close to you  
(in the sunshine)  
Wherever the sun shines  
(in the rain)  
Wherever you go  
Let your heart do all the talkin'  
Let your heart do all the talkin'

you  
Gotta know  
Gotta show  
Your devotion

I just want to be close to you  
(in the sunshine)  
Wherever the sun shines  
(in the rain)  
Wherever you go  
Let your heart do all the talkin'
