

# A Thin Line Between Love & Hate, Let's Stay Tog

I never felt the wind so cold  
Until I had to walk alone without you girl  
I never knew what it was to be a man  
Let me show you baby 'cause now I understand  
I never thought it'd hurt so bad  
You never know 'til you lose what you had  
I don't need to waste time runnin' now around all over town, baby  
Now I know where to find true lovin', baby  
And I knew the first time that I ever seen you  
Let's stay together girl it would be so nice  
If we just hold on and stay together  
Everything will be alright, we'll be alright, listen baby  
Tell me why it feels so strong, tell me baby, tell me baby  
The years roll by, but still this heart you own  
I never felt a love so completely  
Don't you know we're riding on destiny?  
And I knew the first time that I ever seen you  
Let's stay together girl it would be so nice  
If we just hold on and stay together  
Everything will be alright, we'll be alright  
Ooh, girl you got me 'cause when I wake up  
You're the first thing on my mind  
Tomorrow will be so let's leave the past behind  
Just let me lead you to our happy ever after  
And girl when we arrive why don't stay awhile?  
Let's stay together girl it would be so nice  
If we just hold on and stay together  
Everything will be alright  
Let's stay together girl it would be so nice  
If we just hold on and stay together  
Everything will be alright  
Let's stay together girl it would be so nice  
If we just hold on and stay together  
Everything will be alright, we'll be alright  
Yeah, yeah
