

# A vain attempt, I Can't Escape

You screaming back, you think that I'm okay, just to you, but I lied, to make a difference, I'm hiding  
Those razors hurt, I can't feel fine my love here tonight, tonight  
Bye bye to this, I can't feel fine my love here tonight, tonight  
I seem to be away and you will push me on and on and on  
I see the light I can't escape  
I seem to be away and you will push me on and on and on  
I see the light I can't escape  
You screaming back, you know that I obey, just tonight, I have so much pain, YOU! I caused myself  
Those razors hurt, I can't feel fine my love here tonight, tonight  
Bye bye to this, I can't feel fine my love here tonight, tonight  
I seem to be away and you will push me on and on and on  
I see the light I can't escape  
I seem to be away and you will push me on and on and on  
I see the light I can't escape  
This will be the last time I talk to you, for right now, I say I hate you  
What you did to me right now I can just say I hate you  
I seem to be away and you will push me on and on and on  
I see the light I can't escape  
I seem to be away and you will push me on and on and on  
I see the light I can't escape  
I can't escape from you, escape from you, escape from you, you did to me, I can't escape your hell,
