

# A1, If You Were My Girl

(Ha  
Ha  
If you were my girl  
Ha ha ha ha ha  
If you were my girl  
Ha ha ha ha ha)

Aching to see the sun again  
Aching to see your eyes to see how they shine  
They make this world a better place

Aching to see you smile again  
Aching to hear you laugh and say I'm not dreaming  
When you caress my hair  
Your touch so warm and gentle, baby  
Then I can see true happiness at last

Chorus:  
If you would be my girlfriend  
Then I would be in heaven  
Then I could do anything  
I'd stand on my head and sing  
If you were my girl (girlfriend)

If you would be my girlfriend  
Then I would be in heaven  
Then I could do anything  
I'd stand on my head and sing  
If you were my girl  
If you were my girl  
If you were my girl

I wish I could feel your lips right now  
Wish I could let my hand glide through your hair  
I wish I could softly hold your hand

I wish I could tell you every dream  
I wish I could tell you everything that I feel  
I wish I could tell you that  
I need you here to, kiss me baby  
If only I could get myself to say  
Hey, hey, hey

Chorus:  
If you would be my girlfriend  
Then I would be in heaven  
Then I could do anything  
I'd stand on my head and sing  
If you were my girl (girlfriend)

If you would be my girlfriend (girlfriend)  
Then I would be in heaven (heaven)  
Then I could do anything  
I'd stand on my head and sing  
If you were my girl  
If you were my girl  
If you were my girl

There are so many beautiful girls (so many girls) in the world  
But there's only one girl that I want (so many girls)  
And I've chosen today that I can't ever stay  
Unless I can stay here with you  
ooh....

If you would be my girlfriend  
Then I would be in heaven  
Then I could do anything  
I'd stand on my head and sing  
If you were my girl (girlfriend) my girl

If you would be my girlfriend, (my girl)  
Then I would be in heaven, (yeah yeah)  
Then I could do anything  
I'd stand on my head and sing  
If you were my girl  
If you were my girl  
If you were my girl

If you were my girl, if you were my girl  
If you were my girl, if you were my girl  
If you were my girl, if you were my girl  
ha, ha, ha, ha, ha...ahh  
If you were my girl  
ha, ha, ha, ha, ha...ahh  
If you were my girl
