Aaliyah, U Got Nerve

Gave you chances On top of chances Opportunities taken for granted My reality is all your exshalities 'Cause insanity Why you askin me? Took my kindness For a sign of weakness My own blindness 'Cause my sadness No longer am a slave Over your madness I am glad it's finally over **CHORUS:** Who do you think You are now? I can't believe you've Got the nerve boy Who do you think You are now? I can't believe you've Got the nerve boy

See I'm tired of all the games That you seem to like to play See what you can do for me Is forget you knew my name See your qualities are Less than pleasing I got more than One reason for leaving It's time to close shop Open new chapters See new beginnings is What I'm after Get your skeletons up Out my closet Don't make me lose it I just might lose it

Who do you think
You are now?
(Yeah)
I can't believe you've
Got the nerve boy
(Can't believe)
Who do you think
You are now?
(Yeah, yeah)
I can't believe you've
Got the nerve boy
(Oh yeah babe)

Who do you think
You are now?
(Who do you think you are?)
I can't believe you've
Got the nerve boy
(Yeah, yeah, yeah)
Who do you think
You are now?
I can't believe you've
Got the nerve boy

See I'm tired of all the games
That you seem to like to play
See what you need to do is
Forget you knew my name
I'm a play ya till you've left
'Cause you talkin' me to death
See I ain't even sad that
I'm here all by myself

Who do you think
You are now?
I can't believe you've
Got the nerve boy
(Yeah, yeah)
Who do you think
You are now?
I can't believe you've
Got the nerve boy
(Yeah, yeah)

Repeat chorus

Yeah, yeah You've got the nerve boy Yeah, yeah You've got the nerve boy (Fades)
