

Aaron Carter, Aaron's Party

Talking:

Here's a little bit of old school for ya,

That goes a little something like this...

I always tried to be the flyest kid in the block

The popular one with the rising stocks

So that's when I had this bright idea

Throw the party of the month

No, the party of the year

All the fine girls couldn't turn it down

Now all I gotta do is get my parents out

Should I send them to a movie

No, send them to a show

Let me think, hmmm

It's gotta be long though

I said mom, dad, yo why ya sittin home

It's a friday night have you seen aunt jo

And don't worry about stayin' out too long

Don't fuss over me, I'll be fine alone

Have a good time...

The door bell rings 'cause the party's here

I'm crankin up the stereo like it's new years

Walkin' 'round the house like who's da man

(no one can do it like aaron can)

First on the floor, you know that's me

Bustin' out the moves like it's mtv

I'm guessin' where I'm goin' 'cause I lost my head

Then I jumped on table, this is what I said

People all around you gotta

(come get it)

Everyone together sing it loud

(come get it)

Jump all around come on

(come get it)

What...

(come get it)

Say it again

(come get it)

People all around you gotta

(come get it)

From the left to the right, make noise

(come get it)

Here we go now, come on

Uh uh what what

Na na na na... na na na na...

Things are goin' great

Then to my surprise

Some people walked in, I didn't recognize

I said fellows yo ya gotta get out

(hey man I heard this was an open house)

Open house?

(yeah that's what the flyers said)

I didn't put out flyers!

(well somebody did)

Lynn walked in

The girl I'm crushin'

And the kid spilled juice

On my mom's new cushion

I turned around and

Another kid broke the lamp

(I hope they weren't expensive)

They got them from france

For now I won't sweat it

I'll clean it up later

There's a honey over there

And I really wanna meet her
People all around you gotta
(come get it)
Everyone together sing it loud
(come get it)
Jump all around come on
(come get it)
What?
(come get it)
Say it again here we go, uh
(come get it)
People all around you gotta
(come get it)
From the left to the right, make noise
(come get it)
Here we go now, come on
Uh uh what what
Aaron c's in the house, here we go
Come with it
Break it down
(go go go go go...)
Is that a car door
Oh dang I'm in trouble
Everybody get out now
On the double
I'm dead (your done) that's it for me
I'm gonna be picked off my family tree
Once mom finds out 'bout this party I had
I don't wanna even start thinkin' about dad
I'm hustlin around the house
Trying to clean up the mess
I sure put my new white nikes to the test

The car door slammed

And they're walking up the steps

I guess life is good with 10 seconds left

(aaron!!!? ? ? !!!)

Grounded

Chorus

Aaron c's in the house, come on

(come get it)

Uh uh what what

Fades...
