

# Aaron Carter, Every Little Step

Ooooh...  
Ooooh we'll be together

Every little  
Every little step I take  
Every little  
Every little step I take  
Every little  
Every little step I take  
Every little  
Every little step I take

I can't sleep at night..  
I toss and turn  
Listen for the telephone  
When I get your call  
I'm all choked up  
Can't believe you called my home  
And as a matter of fact  
It blows my mind  
You would even talk to me  
Because a boy like you  
Is like a dream come true  
A real life fantasy

No matter what your friends try to tell ya  
We were meant to fall in love  
And we will be together  
Any kind of weather

It's like that  
It's like that

Every little step I take  
You will be there  
Every little step I make  
We'll be together  
Every little step I take  
You will be there  
Every little step I make  
We'll be together

I can't sleep at night  
I toss and turn  
Listen for the telephone  
When I get your call  
I'm all choked up  
Can't believe you called my home  
And as a matter of fact  
It blows my mind  
You would even talk to me  
Because a boy like you  
Is like a dream come true  
A real life fantasy

No matter what your friends try to tell ya  
We were meant to fall in love  
And we will be together  
Any kind of weather

Its like that  
Its like that

Every little step I take

You will be there  
Every little step I make  
We'll be together  
Every little step I take  
You will be there  
Every little step I make  
We'll be together

Every little  
Every little step I take  
Every little  
Every little step I take  
Every little  
Every little step I take  
Every little  
Every little step I take

No matter what your friends try and tell ya  
We were meant to fall in love  
And we will be together  
Any kind of weather  
Its like that  
Its like that... girl!

Every little step I take  
You will be there  
Every little step I make  
We'll be together  
Every little step I take  
You will be there  
Every little step I make  
We'll be together
