

# Aaron, Endless Song

Is it hard to go on  
make them believe you are strong  
don't close your eyes  
all my nights felt like days  
so much light in every way  
just blink an eye

i use to be someone happy  
you use to see that i'm friendly

all your smiles ,all is fake let me com in  
i feel sick ,gimme your arm  
from the shadow ,to the sun only one  
step and you'll burn  
don't stay to high

i use to be someone happy  
you use to see that i'm friendly

is it why in your tears,  
i can smell the taste of fears  
its all around  
all my laughts ,all my wings  
they are graved inside your ring  
you were all mine

i use to be someone happy  
you use to see that i'm friendly
