

# Aaron, Mister K.

My goldfish died today  
Little heart in a bubble  
Ray of Light in my kitchen  
The only livin' piece on my mind  
Since you crossed the line  
Mister K, Mister K  
They told me not to be sad  
It is just a matter of time  
What if you had stop time  
What if i'm stuck on yours  
Mister K, Mister K  
State of mind  
Not really united anymore  
But one ting is for real, a fish is a better friend  
Than a human  
And that's for sure  
My goldfish died today, my goldfish died today  
Mister K, Mister K...  
I named it "Jack the Ripper";  
Psycho under water  
The only livin' memory  
Showing how you stabbed me
