## Aaron Tippin, Somewhere Under The Rainbow

This street that we live on Aint no yellow brick road And this pay check, that i bring home Sure aint no pot of gold When people dream they don't wish they were up They don't know we got more then enough Somewhere under the rainbow Watchin the late show and livin on love Dancin slow to the radio, just holdin on Somewhere under the rainbow Some folks spend there whole life, dreamin about the other side Well there aint never far, that old blue birds fly But i'll take forever, were the skys aren't always blue when i'm in your arms, I know dreams come true Somewhere under the rainbow, watchin the late show Livin on love, and dancin slow to the radio Just holdin on, somewhere under the rainbow Somewhere under the rainbow, yes watchin the late show And livin on love, and dancin slow to the radio Yeah holden on, somewhere under the rainbow
