

Aaron Tippin, We Can't Get Any Higher Than This

Baby, we're sitting on top of the world
We can fly on the wings of an eagle
Take a ride on a rocket ship
Drink to the bottom of a bottle
But we can't get any higher than this
We could tiptoe up to the mountaintop
Snuggle and cuddle and a kiss
But sooner or later we gotta come down
We can't, no, we can't
Yeah, we can't get any higher than this
Baby, we're sittin' on top of the world
And we can't get any higher than this
If the sky is the limit
There's no telling how far we'll go
Even the angels are grinning
If there's a heaven we're right in the middle of it
If this ain't stoned on loving
Oh, then I don't know what is
Cloud nine is right below us
And we can't get any higher than this
We can't, no, we can't
Yeah, we can't get any higher than this
Baby, we're sittin' on top of the world
And we can't get any higher than this
If the sky is the limit
There's no telling how far we'll go
Even the angels are grinning
If there's a heaven we're right in the middle of it
If this ain't stoned on loving
Oh, then I don't know what is
Cloud nine is right below us
And we can't get any higher than this
We can't, no, we can't
We can't get any higher than this
Baby, we're sittin' on top of the world
And we can't get any higher
No, we can't get any high
We can't, no, we can't
We can't get any higher than this
Baby, we're sittin' on top of the world
And we can't get any higher than this
I said, baby, we are sittin' on top of the world
We can't get any higher than this
