

# Aaron Watson, I'm A Memory

I'm a game that you used to play  
And I'm a plan that you didn't lay so well  
And I'm a fire that burns in your mind  
So close your eyes I'm a memory  
I'm a love that you bought for a song  
And I'm a voice on a green telephone  
And I'm a day that lasted so long  
So close your eyes I'm a memory  
I'm a dream that comes with the night  
And I'm a face that fades with the light  
And I'm a tear that falls out of sight  
So close your eyes I'm a memory  
I'm a love that you bought for a song  
And I'm a voice on a green telephone  
And I'm a day that lasted so long  
So close your eyes I'm a memory
