

ABC, Benjamin Rojas - This is the end

Its over now this is goodbye
I made a choice, Im leaving now
Wont feel no pain, wont shed a tear
The end is here!
Its over now, this is farewell
And we will go our separate ways
Its time to heal, its time to look
for someone new.
for someone new.
And there is nothing left to say
Just feel like running away
Youre free and never
have to see me again
This is the end,
its over now
I made a choice, this is goodbye
This is the end
I say farewell
And now well go our separate ways
its over now
I say come on everybody
be my guest dyou wanna dance
If you have a celebration
everybody take a chance
I say everyone around the world
start the party now
If you have a celebration I will
celebrate good times.
This is the end,
its over now
I made a choice, this is goodbye
This is the end
