Abdel Wright, Dust Under Carpet

Law makers a break it
Poor people the target
Some problems them sweep it
Like dust under carpet
Law makers a break it
Poor people the target
Some problems them sweep it
Like dust under carpet
The justice system no tek it so light
Nuff youth get mash up, nuff lose dem life
It mention fe a time then it put one side
Dat no right
Remember when them tek the street people them go dump
Now them sitting quite easy pon them rump
Them conscience want bury rotten it stink like skunk
Them judgment
Law makers a break it
Poor people the target
Some problems them sweep it
Like dust under carpet
Law makers a break it
Poor people the target
Some problems them sweep it
Like dust under carpet
Sometimes we have to wake up the ant's nest
And don't give a damn who want vex
A them mek the law and a them break it
What a foolishness
Fe trouble ghetto youths that a Babylon style
Cold blooded murderers and some alibis
False statements cover up them lies, lies
Law makers a break it
Poor people the target
Some problems them sweep it
Like dust under carpet
Law makers a break it
Poor people the target
Some problems them sweep it
Like dust under carpet
You never know where the wind blows
You never know, you never know
One day and the dust might get exposed
Then you deeds will show
Why you waste time put your finger inna ink?
Politics promises gone as you blink
Yow ghetto youth yu fe know who unu link
Corruption ship must sink
Government and them nice fancy speech
Them don't really practice what them preach
Them inside dirty though them outside clean
Them disguising
Law makers a break it
Poor people the target
Some problems them sweep it
Like dust under carpet
Law makers a break it
Poor people the target
Some problems them sweep it
Like dust under carpet
Law makers a break it
Poor people the target
Some problems them sweep it
Like dust under carpet
Law makers a break it

Poor people the target
Some problems them sweep it
Like dust under carpet
