

Abie Flinstone, Get Outta My Way (feat. Kaliq Scott)

I gotta go, gotta go
Get outta my way, adios
Even if I lose I never lost
Y'all MIA - never close
Telling me that I'm outta my mind
Y'all must be crazy, I feel fine
Frankenstein of my time
They think monster I think I'm
Just ahead of my time
Living in a world so blind
They see lemon I see lime
Cut the lights and I'm gon shine
That's the way that God designed
Me and everyone that I'm
Involved with don't cross the line
Don't make me tell you one more time

Get Outta My Way
Get Outta My Way

Excuse me, get outta my way
Pursuing my dream and I ain't got all day - I mean I lead them
I'm no follower
That makes me a winner
You can be first runner up
(don't you stand there)
Homie make a move
Lemme check my IceWatch - no time to lose
I'm sick, I'm ill but no time off
I'm so gone, I already took off
You're not tough, yee ain't got no gwap
Oh you go ham? I goes pork chops
No killer but I'll kill a beat
I'll do what it takes
Now who's looking at you?
Nobody!
Atchoo, I'm so cold
I'm just doing what I've been told
Keep doing what I do
All work, no play
20-10, best believe I'm coming yo' way!
Just ahead of my time

Living in a world so blind
They see lemon I see lime
Cut the lights and I'm gon shine
That's the way that God designed
Me and everyone that I'm
Involved with don't cross the line
Don't make me tell you one more time

Look I'm going my way
Ain't got all day
Just put it on replay
