

Abigail Bailey, Just Can't Get Enough

I just can't get enough
It's the feeling that I love
I just can't get enough
It's the feeling that I love...
(Intoxicating)
I just can't get enough
(Exhilarating)
It's the feeling that I love
(Intoxicating)
I just can't get enough
(Exhilarating)
It's the feeling that I love
I've never felt, like this before
I've never wanted, lovin' more
I've waited all my life for this
A simple sign, or a little kiss
I just want to say I need you
And it feels good when I'm with you
Can't you see
I Just can't get enough
It's the feeling that I love
You make me feel so secure
It's all I ever, asked you for
I've waited since a child for this
A simple life with little things
I just want to say I need you
And it feels true when I'm near you
Can't you see
I Just can't get enough
It's the feeling that I love
