

# Abigail, Damned In Hell

They curse the day when I was born  
You can keep your sympathy  
I'm not gonna take it lyin' down  
I'll kill tonight  
Damned in hell  
Tonight I'll fight  
They want more violence  
Screaming confusion  
So give me all the powers of Hell  
More death heat me up  
To get power  
Shots rip the air  
Raise the knife  
Burning Fire
