

Aborym, Suffer Catalyst

Betrayal - a lone soldier
Prepared for the last call
Solitude - the highest fate
Conclude everything and all
Death in the wastelands
Herald the last standing
Obey the first born
Our world will be torn
Conflict - a movement of free
Signal the coming
Gratification - a battered fight
I think you better sharpen the knife
Master and Slave
Increase, full on
Stupid or brave
Shrieking
Hardcore - for legends
Rise from ashes
Semigod - end of days
No more praise
Suffer no more
Catalyst for once and for all
Stop dreaming
A will to be free
[Fabban latin chorus:]
Omnia munda mundis
Death in the wastelands
Herald the last standing
Obey the first born
Our world will be torn
Conflict - a movement of free
Signal the coming
