

Absurd, Ashes To Ashes

A funeral- cold rain falls down
the coffin is thrown into the ground
around the grave stood the deads friends
a drunken priest screamed out the unholyness

Earth to dirt, ashes to ashes and dust to dust
Earth to dirt, ashes to ashes and dust to dust

Jesus wept upon his cross
Satan laughs at god, the "Big Boss"
a vampire rises up from his grave
Called by the words of the drunken priests unholyness

the cross- just broken, Jesus is dead
my sword hacks down unto my enemys head
the pope has died, and the vatican burnt down
Jesus will never wear his golden crown

the battle has ended, a life in peace begins
the christians are punished for their bad sins
punished by true evil and tortured with pain
in hell where dark Lord forever reigns
