

# Absynthe Minded, Walk With Me

Walk with me baby walk with me  
I wanna be where you wanna be  
Talk to me baby cause I got lots of time I'm gonna listen to your story  
I hope you mention your first kiss  
Walk with me baby walk along with me

Sing is all I can do  
To get an overview  
This is all that I am  
I speak loud and I try to understand  
Every aspect of life  
And every aspect of you  
And maybe I'll get fooled  
By the beauty  
Of you

Time is a tunnel we're going through  
Forget all about it if you feel good  
From the end of the tunnel to the point of no return

And when I'll get there then I'll know  
If this is a blessing that goes to show  
If you want an answer, look at the sky turn blue
