Burning Alive

[oooh yeah]

Burnin' alive, set my soul on fire

Runnin' with a gun, this place is gonna burn

No firewater, or novacaine

No thunderstorm, no john wayne

No kids to rock, nowhere to run

So watch out 'cause this place is gonna burn

Burnin' alive, burnin' alive

Burnin' alive, burnin' alive

[burnin' alive, burnin' alive]

They be smokin' your hide, come runnin' wild

Tell you nothin' to fear, cause the buck stops here!

He came from a little town called hope

And someday, maybe, it'll go up in smoke

[i say]

No firewater, or novacaine,

No thunderstorm, and no john wayne

No kids to rock, nowhere to run

So watch out, cause this place is gonna burn

Burnin' alive, burnin' alive

Burnin' alive, burnin' alive

It's an all out war, an all out war

Burnin' alive, burnin' alive

Somewhere, there's a little town called hope

And someday, maybe baby, he'll inhale that smoke!

burnin' alive, burnin' alive

[burnin' alive, burnin' alive

Burnin' alive, burnin' alive

Burnin' alive, burnin' alive]

It's an all out war, an all out war

Hear the battle roar, it's an all out war

burnin' alive, burnin' alive

[burnin' alive, burnin' alive]

watch the place burn down
