

# AC/DC, Come And Get It

Picking up the sleaze in my car  
Hell no distance too far  
Burning down the road in the night  
Don't you scold me or I'll bite

These are the finer things in life  
Don't think you live in paradise  
I've got my filly wrapped in red  
Upon my double decker bed

If you want it come and get it (come and get it)  
If you want it come and get it (come and get it)  
If you want it come and get it (come and get it)  
If you want it come and get it

Suckin' up the juice in the bar  
Downin' every shooter so far  
Checkin' out the girls what a sight  
If you gonna blow me do it right

These are the finer things in life  
Don't think you live in paradise  
I've got my filly wrapped in red  
Upon my double decker bed

If you want it come and get it (come and get it)  
If you want it come and get it (come and get it)  
If you want it come and get it (come and get it)  
If you want it come and get it

Come and get it

Said if you want it come and get it  
If you want it come and get it, yeah  
Now listen (come and get it)  
If you want it come and get it (come and get it)  
If you want it come and get it (come and get it)  
I said If you want it (come and get it)  
If you want it (come and get it)  
If you want it  
If you want it  
If you want it come and get it  
Come and get it right here
