

AC/DC, First Blood

Got a screaming feeling, need a little loving healing
Want some of that stuff, cause I like a hot touch, yeah
Wanna little squeezing, just a touch and teasing
Maybe wrong, maybe right, yeah, but I like it every night
Come on baby, down my way
They're gonna make it, night and day

I want (first blood), a look in the eye
(Thirst blood), a need in disguise
(Bad dog), come back for more
(First blood), first blood

Some like it hot, some like it quite not so hot
But I like a touch, and I want it so much
Come on baby, down my way
We're gonna make it every night and day

(First blood), look in the eye
(Thirst blood), need in disguise
(Bad dog), come back for more
(First blood), first blood

I want...
(First blood), a look in the eye
(Thirst blood), a need in disguise
(Bad dog), you come back for more
(First blood), first blood
(First blood), a look in the eye
(Thirst blood), a need in disguise
(Bad dog), come back for more
First blood

You know I want the first blood
Some like it even hotter
First blood, all right hot shot
Bad dog, you come back for more
I want first blood
