

AC/DC, Meltdown

I look at my watch to find out the right time of the day
I look at her libido hey hey hey
I gotta get up and climb her, to roll her on the hay
Makin a sweat, temperature rise all through the day

Man its getting hot hot hot
I said man its getting hot hot hot
Its getting hotter and hotter
Man its getting hot hot
Getting hot around here

Its a meltdown
Its a meltdown

I got a feelin in my bones
I been rackin my brains out all night long
Stokin up the fire take it right up to the wire
Burnin on and on burnin on

Man its getting hot hot hot
I said man its getting hot hot hot
Its getting hotter and hotter
Man its getting hot hot
Getting hot around here

Its a meltdown
Its a meltdown
Its a meltdown
Its a meltdown
Meltdown

Man its getting hot hot hot
I said man its getting hot hot hot
Its getting hotter and hotter
And hotter and hotter

Its a meltdown, its a meltdown
Its a meltdown, its a meltdown
Its a meltdown, gonna burn, its a meltdown
I said burn down
It's a meltdown, meltdown, meltdown
It's a meltdown, it's a meltdown
