Stiff Upper Lip

SAFE IN NEW YORK CITY

Stiff Upper Lip (2000)

(Young, Young)

Head over baby give me your hand
Check out the lay of the land
Need a little rockin' in my big limousine
Oh, come on over baby and I'll make you obscene

I feel safe in New York City
I feel safe in New York City
I feel safe in New York City
I feel safe in New York City

All over the city and all of the dives
Don't mess with this place, it will eat you alive
Got a lip smacking honey to suck off the jam
I'm on top of the world now, ready to slam

I feel safe in New York City
I feel safe in New York City
I feel safe in New York City
I feel safe in New York City
I feel safe in New York City
I feel safe in New York City
I feel safe in New York City
I feel safe in New York City

- solo -

Running all over like a jumping bean
Take a look at that thing in the tight assed jeans
Coming your way now, you may be in luck
Don't you fret boy, she's ready to buck

I feel safe in New York City
I feel safe in New York City
I feel safe in New York City
I feel safe in New York City

- solo -

I feel safe in New York City
I feel safe in New York City
I feel safe in New York City
I feel safe in New York City
I feel safe in New York City
I feel safe in New York City
I feel safe in New York City
Let it rip
New York
New York
New York
I feel safe in a cage in New York City

Throw away the key
