SNAKE EYE
SINGLE: Heatseeker/Go Zone-Snake Eye (1988)
(Young, Young, Johnson)

You paint a picture
So it's plain to see
Ain't no hiding
No security
I'll be watching
Every move you make
When you hear the rattle
Better be awake

CHORUS:
Snake eyes, I'm watching
Snake eyes, look out
Snake eyes, it's coming
Snake eyes, ain't no escaping from the snake eye
(No way)

You leave a footprint
For my eye to see
Catch an echo
From a lock and key
From the shadow
Or behind a rock
Get you anywhere
From the darkest shack

CHORUS

Hear a rustle
From behind a tree
Get you running
Home to sanctuary
Bolt the door and -
You think you're safe
I'm coming to get you
Gonna reach out (???)

CHORUS

Got the snake eyes, they call me a snake in the bush
Snake eyes, biting
Snake eyes, always watching
Snake eyes

Ain't no escaping from the -
Just keep a lookout for the -
