

# Accept, Predator

Roaming through the forest  
Along the mountainsides  
Moving through the darkness  
I'm a creature of the wild

Sneaking up behind you  
Hunting in a pack  
Attacking out of nowhere  
Always from the back

Predator  
[I'm a] Predator  
Eating you alive  
[I'm a] Predator

It's the call of the wild  
Pumping up my powers  
My fangs are razor-sharp

Nature's takin' over  
My instincts are alive

Predator  
[I'm a] Predator  
Eating you alive  
[I'm a] Predator
