Accept, Predator

Roaming through the forest Along the mauntainsides Moving through the darkness I'm a creature of the wild

Sneaking up behind you Hunting in a pack Attacking out of nowhere Always from the back

Predator [I'm a] Predator Eating you alive [I'm a] Predator

It's the call of the wild Pumping up my powers My fangs are razor-sharp

Nature's takin' over My instincts are alive

Predator [I'm a] Predator Eating you alive [I'm a] Predator
