

Ace Frehley, I'm In Need Of Love

I need some love, so give me some
You know I want some love, so turn me on
Sometimes I feel so low, sometimes I feel I'm on top, you know
Now girl I hate to start, 'cos then you gonna stop

Chorus:

I'm in need of love, I'm in need of love, I'm in need of love
And I'm hopin' you're in need of me

Now I want some love, so give me some
You know I need some love, so turn me on
It's just that devil in me that keeps on comin' thru - all the time
When things start lookin' good, some things start lookin' blue

chorus

Now I want some love, so give me some
You know I need some love, so turn me on
Things keep on turning 'round, when things should be sittin' straight
- now turn around
Girl it's not my fault, I guess it's just my fate - you know me

'Cos all I want is love, so turn me on - you've got to
And all I need is love, so give me some - just a little
'Cos all I want is love, so turn me on - one more time
All I need is love, so give me some - ooh yeah do it like that
'Cos all I want is love, so turn me on - and on and on
All I need is love... (to fade)
