

Ace Of Base, Come To Me (Demo Version)

You're looking through my face
Why don't you notice me
I'm hungry
People are passing by
Exchanging laughs as
Promising more to
Come in the nights to come
You are my date but you don't know it
Me and myself and i are going to get you
Sooner or later

Come to me, come to me
Come give me all your colours
I can see the shades of life
With you i'm feeling free

Come to me, come to me
Come give me all your colours
I can see the shades of life
With you i'm feeling free

I got a lot to give,
And i'm gonna give a lot my baby
I got a lot to give
Im giving you my love
Im giving you my love
Standing here all alone
Going through all our levels now
Im changing the highest one
Commitments to follow

Come to me, come to me
Come give me all your colours
I can see the shades of life
With you i'm feeling free

Come to me, come to me
Come give me all your colours
I can see the shades of life
With you i'm feeling free

Im a stranger in the night
Without you all alone
Im dancing with myself
Is a long way yet to go
Im longing for your touch
To hold you forever on
And on and on and on

Come come to me, come come to me
I can see the shades of life
With you im feeling free

Come come to me, come come to me
I can see the shades of life
With you im feeling free

Come to me, come to me
Come give me all your colours
I can see the shades of life
With you i'm feeling free

Come to me, come to me
Come give me all your colours

I can see the shades of life
With you i'm feeling free
