

Ace Of Base, Look Around Me (Demo Version)

Oh-oh, look around me, look at what I've found

Oh-oh, look around me, look at what I've found

Chorus:

Look around me - can anybody tell me what to do

Look around me - I only have eyes for you

Look around me - ??? upside-down

Look around me - Look at what I've found

Ulf's rap:

Turn and turn, tell me what are you seeing

Clear your mind if you wanna be free

Chorus:

Look around me - can anybody tell me what to do

Look around me - I only have eyes for you

Look around me - ??? upside-down

Look around me - Look at what I've found

Ulf's rap:

Don't wait, don't be late

You don't have a second left to hesitate

Walk, talk, do it all

Nothing you can do will ever break the fall

Chorus:

Look around me - can anybody tell me what to do

Look around me - I only have eyes for you

Look around me - ??? upside-down

Look around me - Look at what I've found

Look around me - can anybody tell me what to do

Look around me - I only have eyes for you

Look around me - ??? upside-down

Look around me - Look at what I've found

Oh-oh, look around me, look at what I've found

Oh-oh, look around me, look at what I've found
