

Ace Of Base, Que Sera

They call to her from across the street
But they don't know her name
She's in the wrong place at the wrong time
Who's to blame?
She wonders how to change the life she's living
She wonders if she'll ever get away

As far as I can see, the writing's on the wall
There's no return, we live, we learn
The game goes on and on and

Que sera
I like you but I don't
Really want to take you home
Que sera
It's a lonely life living on your own
Que sera
What's it gonna be, what's it gonna be

She left her home when she was seventeen
Simply disappeared in the rain
Those were bad times so it was high time
She knew she'd do it again
She wonders how she's going to make a living
She wonders how she'll make it through the day

As far as I can see, I've seen it all before
A lonely girl in a big bad world
The game goes on and on and
