

# Ace Young, Addicted

I gotta let it out baby here's my confession,  
my hands are shaking and it's close to obsession.  
This pounding in my chest been going 24/7,  
you think the pain by now would make me learn my lesson.  
But there's no way to win when I push you away..  
But I'd do anything if you asked me to stay.

## Chorus

I'm so addicted, you're everything I want,  
no complication, you know you had me from the jump.  
I'm so addicted, do whatcha wanna do,  
I'm committed, addicted to you..

It's cruel to call it love when it's lust and desire,  
I feel like I can fly then you cut down the wire.  
Even though I know I'm sinking lower by the hour,  
can't change the fact that I'm a slave to your power.  
'Cause my life is a lock and you hold the key,  
and you tighten the chains when I try to break free..

I'm so addicted, you're everything I want,  
no complication, you know you had me from the jump.  
I'm so addicted, do whatcha wanna do,  
I'm committed, addicted to you..

Givin' enough just to let me breathe,  
keep me alive just to watch me bleed.  
I crawl down on my knees for you.  
You made damn sure that I don't forget,  
your love's the drug I can never quit.  
All the things that you do, you do, you do.

But there's no way to win when I push you away,  
but I'd do anything if you asked me to stay.  
I'm so addicted, you're everything I want,  
no complication, you know you had me from the jump.  
I'm so addicted, do whatcha wanna do,  
I'm committed, addicted to you

Oh I'm so addicted, you're everything I'll need,  
my medication, you're the lie that I believe.  
I'm so addicted, there's nothin' I can do,  
I'm committed, addicted to you

## Repeat

Addicted, committed, addicted to you.
