

# Acheron, 666

Misguided ones open your minds  
Leave the past behind  
Take the powers from beyond  
And accept the sacred bond  
Feel a surge pierse your soul  
Try and grasp what christ stole  
Recieve the mark from Styx  
The symbol is 666  
Serve in heaven or rule in Hell  
Which is batter can you tell  
Live in black, curse the night  
Rebuke the night, nail the night
