

Acheron, Enter Thy Coven (C.I.B).

What is good? Everything that heightens the(?) of power in man, the will to power - power itself.

What is bad? Everything that is born of weakness.

What is happiness? The feeling that power is growing, that resistance is overcome. Not contendedness but more power, not peace but war; not virtue but fitness.

The weak and the failures shall perish. First principle of(?) of man. And they shall even be given every possible assistance.

What is more harmful than any vice? Active pity for the failures and all the weak - Christianity.

So you now want to make an agreement
Come in, sit down and listen to these words
Sell your soul to the dark unholy master
Deny Christ and let it be heard
Undress and put on this inverted cross
So that you can partake in our mass
Sip the chalice and taste the unholy water
Then we shall see how long you will last

Oh Lord Satan, we give to you, a new servant
Whose faith is through with God

Welcome to our secretive coven
You now commit your soul to the flame
Satan will now be your only master
So come and write your name in blood
Can you obey the emperor of Hades?
He will give you anything you ask
Contract in blood is here now and forever
A life of sin is your only task

Oh Lord Satan, we give to you, a new servant
Whose faith is through with God
