

Acheron, Shemhamforash (The Ultimate Blasphemy)

F**k God, for he is nothing to me
I spit on Jehovah and display mockery
The virgin Mary was a dirty whore
No blood of lamb shall be upon my door

I am godforsaken and I shall never change
My evil thoughts can't ever be rearranged
Lord of myself and a servant to one
I deny the holy ghost, the father and the son

No need for Alla, without Xul
Jesus Christ symbolizes a fool
Tetragrammaton, another form of deceit
And I renounce the crutch of the weak

I am godforsaken and I shall never change
My evil thoughts can't ever be rearranged
Lord of myself and a servant to one
I deny the holy ghost, the father and the son

Anephezeton, bow before me!

Where's this God? It's not there
A blind belief which is based in fear
Mindless herds can't perceive
Why I rejoice as they grieve
