Acid Android, Daze

trifle with time in
a daze
trifle in a daze
thinking aimlessly
nonsense
thinking in nonsense
in a daze
urgent
turn on the music
in a trance
the tune
once heard takes me far
away
got so much to do
so much
i got lots to do
dead line closing in
closer
dead line is closer
turbulance inside
mind in
turbulance in mind
can't think not one thing
at all
can think not at all
in a daze
urgent
turn on the music
in a trance
the tune
once heard takes me far
away
no way
don't want to go back
in a trance
countless
of things i'll do them
later
trifle with time in
thinking aimlessly turbulance inside
can't think not one thing
no way
don't want to go back
in a trance
countless
of things i'll do them
later
i'll go
just go with the flow
in a trance
maybe all is well as is
alone
in a daze
in a daze
in a daze
in a daze
