

# Acid Android, Perpetual Motion

Already...lauded...standing...  
I'm already here  
Already...unlocked...unlatched  
gates ahead opened  
persevere...no need...don't need...  
to move on no more  
the pressure...pushing...forcing...  
not from my own will  
How many times did i ever stand here?  
Why are you still driving me to go?  
again i stand...  
even if i stand or walk on  
it's the same  
I'm sick...and tired...of this  
tired of this side  
gates here never shut off  
gates always open  
how many times did i ever get through?
