

Acid Drinkers, A Rubber Hammer And A Broken Head

(He) pounded my head with a rubber hammer
Now I'm shorter by over half a meter
I don't look down on anyone anymore
I don't spit on anybody's head
(He) pounded my head with a rubber hammer
Now all I have is a screwed up head
Do you know what a drag it is
Having a broken, wasted head?
Rubber hammer and broken head
Rubber hammer and broken head
Rubber hammer and broken head
Rubber hammer and broken head
Don't have money for a mechanic
Or a doctor or a shrink
Now I will just wander around
Short, with a smashed in wasted head
Rubber hammer and broken head
Rubber hammer and broken head
Rubber hammer and broken head
Rubber hammer and broken head
That hammer could f**k your whole day...
