

Action, Rise

Seems like time teaches nothing at all
Another shot fired, another kid falls
Looking out of place is a dangerous thing
Pay for independence with the pain it brings

[Chorus]

THEY WON'T STOP

WALKING ALL OVER YOU

RISE UP

RISE

Something ain't working, something ain't right

They treat you like shit and can't say why

School, work, the streets, the bus

An all out fucking war for us
