

Adam And The Ants, Lou

Lost your unpredictability
They said you were an aging whore
Stockpile electricity
But now my friend you're out the door

Andy Warhol video
Go prepare it, take it up
Up on your arse a needle
No tripping to you, Lou

I know you shoot up aspirin
You fell but n-n-n-n-never hate yourself
You never st-st-st-st-stagger in r-r-r-r-reality
The fame that's put you on the shelf

Andy Warhol video
Go prepare it, take it up
Up on your arse a needle
No tripping to you, Lou
