

# Adam Ant, Navel To Neck

Adam Ant/Marco Pirroni  
Give me your hand here is mine  
Better in the open  
It's showtime let's call the tune  
He's her baby boy  
Navel to neck  
Give me your mouth  
I want to kiss you  
Something deep inside me waits  
You're giving up your daughters  
But perfection is so dull  
He's her baby boy  
Navel to neck  
Give me your mouth  
I want to kiss you  
That's the way the honey goes  
Sweeter than a toy  
From his tippy to his toes  
He's he baby boy  
Every inch of you I prize  
Your body is a vision  
And all the while look in your eyes
