Adam Brand, One More Time Tonight

Touch me like I touch you
Hold me like I hold you
Kiss me like I kiss you
One more time,
one more time tonight

Please say you won't leave me
Say you still need me
Say you still love me
One more time,
one more time tonight

I'll dance all night with you
I'll do all you want me to
I'll show you my love is true
For all time,
till the end of time,
for life
