

# Adam Green, The Prince's Bed

If there's a heart inside your eye  
If there's a clock inside your head  
If there's a girl outside your bed  
Put your face in my place

My head is falling off my head  
And I don't want to see clear again  
Everyone's talkin' 'bout Jesus  
Everyone's talkin' 'bout Jesus  
Everyone's talkin' 'bout Jesus  
Everyone's fuckin' my princess

Goodnight to my new dead wife  
Goodnight to my Nazi friends  
I'm standing on the tip of my stinking ship

Hey, Princess  
Over there  
Why you sitting over there?  
When you've got a warm spot to share  
In the prince's bed, in the prince's bed?  
In the prince's bed  
In the prince's bed, in the prince's bed

Oh I know you've thought about it  
And I know you wanna have it  
Now I always have my camera

In the prince's bed, in the prince's bed  
In the prince's bed, in the prince's bed
