

# Adam Lambert, Trespassing

Well I was walkin for some time  
When I came across this sign  
Sayin: "Who are you and where are you from? "  
We don't like when visitors come.

"No Trespassing" that's what it said  
At least that's what I could read.  
No Trespassers?  
Yeah, my ass!  
Wait till ya get a load of me!

Common!

One day I was trippin and that's when I could see  
That the ether I had tapped into could be reality  
It was great, that's when I climbed that optimistic vine  
Once I hit that mountain peak I began to lose my mind

I don't need no sympathy.  
I won't cry and whine.  
Life's my light and liberty  
And I shine when I wanna shine.

Make their faces crack  
There's no turnin back.  
Let's go!

Well I was walkin for some time

Hey, ooh, ohh

I ain't got BS in my bag  
That's the one thing you can believe  
My heart is gold, my body is glass  
Come on baby, can't you see?

I don't need no GPS  
To show me where to go  
But I can turn it to the north pole  
And show you what is cold

I don't need no sympathy.  
I won't cry and whine.  
Life's my light and liberty  
And I shine when I wanna shine.

Make their faces crack (crack)  
There's no turnin back.  
Let's go!
