

Adam Sandler, Secret

There's something I know
That no one else does
You want me to tell you what it is?
But if I did that then it wouldn't be, a secret

I've gotta move my body tonight, I'm gonna go dancin'
Dreamin' bout the nights at the club, with the fun and romancin'

Mommy sees the look in my eyes, she can tell something's different
Daddy doesn't understand why, but he can tell something's different

I've got a secret, my own little secret
No one knows my secret, cause it's a secret.

Shhh don't tell, Shhh don't tell
I trimmed my buuuuuu-shhh don't tell
I trimmed my buuuuuu-shhh don't tell

And nobody knows that my bush is cut low as I dance and I sing and I put on a show
And i'm feeling so free, nothing hanging off me while the bass gets stronger I'm a half an inch longer

And I touch it and rub it and pinch it and squeeze it and tug it and twirl it
and flick it and swirl it, and fuckin and suckin and fuckin and suckin and fuckin and suckin
Fuckin and suckin, Fuckin and suckin!

Music is fillin my body from my head to my toes
The DJ gives me a smile, maybe he knows
I hear whisperin from my left to my right, all over the party
i'm the super-star of the night, I did somethin naughty

I gave myself a haircut, don't tell
I'd like to tell you where but, don't tell
I've got a secret, don't tell
It's my own secret

I trimmed my buuuuu-shhh don't tell
I trimmed my buuuuu-shhh don't tell

And I feel so special and so beautiful
As I reach down and give my new friend a quick pull
I'm scratchy and itchy and a little bit bitchy
and if I find scissors i'd trim my friend Ritchie

And I touch it and rub it and pinch it and squeeze it and tug it and twirl it
and flick it and swirl it, and fuckin and suckin and fuckin and suckin and fuckin and suckin
fuckin and suckin fuckin and suckin!

I can wear my pants extra low tonight

My secret's gettin out of control, it's burstin out of me
Gotta drop my pants to the floor, so the whole club can see
The special way I trim my curlies, so fuzzy and soft
Cause when my shrub is short and tight my piggie won't get lost

I had a secret, don't tell
But now you know my secret, don't tell
I gave my bush some haircuts, don't tell
To emphasize my bare nuts

I trimmed my buuuuu-shhh don't tell
I trimmed my buuuuu-shhh don't tell

And I touch it and rub it and pinch it and squeeze it and tug it and twirl it
and flick it and swirl it, and fuckin and suckin and fuckin and suckin and fuckin and suckin

fuckin and suckin fuckin and suckin!
