

Adam Wilson, Go Slit Your Wrists

1)

Baby, I didn't mean to hurt you
But I really hate you
So it was hard not to want to

If you hadn't treated me like shite
If you had seen that I was right
Then it wouldn't have ended in a fight

Chorus:

You can go and slit your wrists
And I won't give a shit
You can jump off a bridge
And I'd hope your fat arse broke the ground it hit
Yeah, you can go and slit your wrists
Just fuck off, you fat blonde bitch

2)

Baby, I did try
I didn't want you to cry
I just wanted you to die

I didn't mean to bash your head
I didn't mean to laugh when you bled
I JUST WANTED TO SEE YOU DEAD!

(Chorus)
