

# Adams Bryan, Don't Drop That Bomb On Me

Adams Bryan

Waking Up The Neighbours

Don't Drop That Bomb On Me

We sailed our ships upon the shores

That once were out of reach

Turned the silence into war and bloodied up the beach

Trashed the forests and the trees

Til there's nothin' left to cut

We raped the rivers and the seas and turned the land to dust

It goes on and on

On and on...

Does anybody know what's goin' on

Can anybody tell me where we went wrong

Can anyone say why wrong is right

If we wanna little peace well we got to fight

Can anyone say things are lookin' good

Just take a look around your neighbourhood

The world's gone crazy

Crash-we can fight it

Crash-we gotta try

Crash-we can't hide it

We gotta stop that fire

Don't drop that bomb on me

Save that little tree

Don't drop that bomb on me

Save our seven seas

Don't drop it, don't drop it

Don't drop that bomb on me

Should every thing thing have a life to give

Will every little child have a place to live

Does anybody feel just a little bit scared

Isn't it about time everybody cared

The world's gone crazy

Crash-we can fight it

Crash-we gotta try

Crash-we can't hide it

We gotta stop that fire

Don't drop that bomb on me

Save that little tree

Don't drop that bomb on me

Save our seven seas

Don't drop it, don't drop it

Don't drop that bomb on me

If ya gonna talk that talk

Ya gotta walk that walk

If ya gonna fly that flag

Ya gotta shake a leg

Ya everybody should try

Cause we're much too young to die
