

# Adams Bryan, I Think About You

Adams Bryan

18 Til I Die

I Think About You

I oughta be workin' - but I can't concentrate

I oughta be sleepin' - 'steada stayin' up late

When I oughta be doing all the things I should do

I think about you

I oughta be writin' - but I can't find the song

Just sittin' here driftin' - driftin' along

There's only one thing that I wanna do

And that's think about you

I think about you - I can't get no rest

I think about you - there ain't no one else

It's all I can do - I can't help myself

Ya - I think about you

I could go cruisin' - but I've had enough

I could go drinkin' - but I can't stand the stuff

It just don't do me like it used ta do

I'd rather think about you

I think about you - I can't get no rest

I think about you - there ain't no one else

It's all I can do - I can't help myself

Ya - I think about you
