

Adams Yolanda, Thank You

Adams Yolanda

Believe

Thank You

When I think about how you saved my soul

I'm compelled to praise you

Like a woman out of control

So I lift up holy hands

I take advantage of this chance to say thank you

When I think about what you brought me through

I'm reminded to praise you for all that you had to do

So I lift up holy hands

I take advantage of this chance to say thank you

So from the bottom of my heart I say

Thank you, Thank you, Thank you

When I think about were you brought me from

I gotta praise you like the victories already won

And I lift my hands

I take advantage of this chance to say thank you

When I think about oh Lord yes

Why you love me so

I'm compelled to praise you because

I really don't care whose looking and who knows that I love you

And I lift up my holy hands

I take advantage of this chance to say thank you

Oh, everyday of my life I just wanna say

Thank you, (Thank you Lord)

Thank you, (I gotta thank you)

Thank you, (Because of who you been to me)

Thank you, (You been a shealter in the storm)

Oh and I Thank you

You been a rock that I can stand on Thank you Lord

And I say Thank you

You been a bridge over any kind of water

I gotta say Lord I thank you

With all my heart with all my soul

Everything within me says thank you Lord

Thank you Lord

Lord I thank you, Lord I thank you, Lord I thank you

For all you done to me

Thank you Lord

Theres no words that I can say but you been good

I can't thank you enough no no no no no

Thank you Lord (I just wanna thank you)

I wanna thank, I wanna thank you

I gotta thank you, just wanna thank you

I thank you yes, I thank you yes, I thank you yes, I thank you yes

And I say.....I wanna thank you

Said Lord I thank you yes
